

THE VSC EAGLE

Vintage Stunt Championships

Individual Championship Trophy

To recognize competition excellence at the Vintage Stunt Championships (VSC), an annual perpetual award called the VSC Eagle has been established to be awarded to the individual who competes at the annual VSC and has the highest combined placing in the Old Time Stunt (OTS) and the Classic Stunt events.

In order to qualify for the VSC Eagle, an individual competitor must fly in the Classic Stunt event and either of the OTS or the Spark Ignition OTS events. Any competitor who enters the Classic event and one of the two OTS events will be automatically considered for the VSC Eagle. When an individual chooses to enter both OTS events in addition to the Classic event, that individual must declare prior to the start of competition which of the OTS events he chooses to be used to determine his score for the VSC Eagle.

To establish the individual score for VSC Eagle classification, the numerical placing of each individual for each of the two events entered (the Classic event and one of the two declared OTS events) will be added. Each individual will be ranked according to the lowest numerical sum of placings to highest. The individual with the lowest numerical sum will be awarded the VSC Eagle.

VSC Eagle Ties

In case there is a tie score for the award of the VSC Eagle, for each individual tied for the VSC Eagle, the scores for that individual for each event are "normalized" by calculating the percentage of each score to the winning score in each respective event. Those normalized scores are then added for each individual. The highest combined total normalized score will be awarded the VSC Eagle)

(Example)

OTS Winning Score: 603.0 Classic Winning Score: 1,113.5
